| Aggregate Malaysian Completion Payment | S\$10 million  |
| Shortfall payable to Purchaser         | (S\$1) million |

In the event that the Aggregate Malaysian Consideration is more than Aggregate Malaysian Completion Payment, the Purchaser will pay the difference back to the Sellers (as stated within the Malaysia SPA).

- (b) The Company shall not, and the Company shall procure that no member of its Group shall directly or indirectly, amongst others, establish, operate or carry on or be concerned, interested or engaged in any business that competes or proposes to compete with the whole or any part of the business of the CZ Group, for a period of three years from completion within Malaysia, Singapore, Thailand, Vietnam and the People's Republic of China.

There is substantially no overlap between the CZ Group and the remaining businesses (Specialist Relocation and Technical & Engineering businesses) that may trigger this clause. Therefore there is no material impact. The Group has 3 business segments as follows: (a) Third Party Logistics consisting of CZ Group + DNKH Logistics Pte. Ltd. (the remaining business in this segment and not a subsidiary of CZ Group). DNKH will remain as part of the Chasen Group following the disposal. DNKH's principal business is to carry on the business of logistics, transportation and warehousing services in Singapore only and no cross border business. As such, it would not compete with CZ Group, which operates in Malaysia, Thailand, Vietnam and China. Therefore, there is no substantial overlap. (b) Specialist Relocation and (c) Technical & Engineering. The businesses and assets between CZ Group and the remaining businesses are clearly differentiated and managed independently. For specialist relocation, the nature of logistics/transportation business is different from CZ Group, which focuses on truck transportation for domestic and cross border services. Specialist relocation focuses on relocation of machinery and equipment from one location to another location within a country, or from one country to another.

- (c) The Company covenants to pay and indemnify in full CZ Malaysia, CZ Warehouse Malaysia, and the Purchaser from and against all losses and liabilities which may arise in connection with failure to be in compliance with regulations and contractual requirements prior to completion of the Malaysia SPA.

### **Non-Malaysia SPA**

4.5.2 Other salient terms of the Non-Malaysia SPA include the following: -

- (a) If following the agreement or determination (as the case may be) of the Completion Accounts and the purchase price statement, the amount of the Aggregate Non-Malaysian Consideration (as defined in the Non-Malaysia SPA) as set out in the purchase price statement is greater than the Aggregate Non-Malaysian Completion Payment (as defined in the Non-Malaysia SPA), the Purchaser shall pay to the Company's account an amount in cash equal to 75% of the excess.

The Completion Accounts shall be first prepared by the Purchaser as soon as reasonably practicable and in any event not later than forty-five (45) Business Days following the completion and consist of the following:

1. state the assets and liabilities of the CZ Group;
2. (except as otherwise specifically provided in this Schedule) be prepared in accordance with generally accepted accounting principles and International Financial Reporting Standards adopted for use in Singapore from time to time and on a basis consistent with that applied in the preparation of the audited financial statements of every CZ Group's company for the financial year ended 2023;
3. not re-appraise the value of any of the assets of any CZ Group's company as a result of the change in ownership of the share capital of the CZ Group (or any changes in the business of any CZ Group's company since Completion following such change in ownership) except only as specifically set out in this Schedule; and
4. only take account of information available to the Parties at Completion and not take account of any event happening after Completion (except in relation to information known to all the Parties about that event at Completion).

The consideration will be subject to the adjustment provision after the date of completion. Shortfall will result if the Aggregate Non-Malaysia consideration is less than Non-Aggregate Malaysia Completion Payment, the Sellers will pay the difference back to the Purchasers (as stated within the Non-Malaysia SPA).

Illustration as follows:

|  |                |
|--|----------------|
| Aggregate Non-Malaysian Consideration      | S\$9 million   |
| Aggregate Non-Malaysian Completion Payment | S\$10 million  |
| Shortfall payable to Purchaser             | (S\$1) million |

If the Aggregate Non-Malaysia Consideration is higher than the Aggregate Non-Malaysia Completion Payment, the Purchaser will have to pay the difference back to the Sellers.

There is no recourse for the Company.

## LETTER TO SHAREHOLDERS

---

Following the Proposed Disposal, the Company will not be considered as a cash company under Listing Rule 1018 based on the above.

Though the Proposed CZ Group Disposal will result in a one-third reduction in Group's Revenue, there are still Remaining Businesses within the Group ("**the Specialist Relocation and Technical and Engineering Segment Businesses**") that are and continue to be viable. The basis for this assessment is in 2 significant aspects:

1. Net assets of the Remaining Businesses will significantly expand with the completion of the integrated ramp-up warehouse (with future cleanroom) at 16/18 Jalan Besut, Singapore in about a year's time. The completion of the Proposed CZ Group disposal of assets will further add to the significant strengthening of the Group's balance sheet in the forward period.
2. The on-going geo-political conflict and the ensuing global supply chains' re-configuration and re-jigging plays into the key strengths of the Remaining Businesses with its continued diversified presence in ASEAN, the PRC and USA markets. The Group's financial heave as explained in 1. above will allow the Group to chart a sustainable growth trajectory with current and new businesses and market shares to grow top and bottom line.

For the year ended 31 March 2022 and 2023, the Remaining Businesses had revenue of S\$110 million and \$117 million respectively, comprising 67% and 71.0% of Group's Revenue respectively. The net assets value of the Remaining Businesses were approximately S\$55 million and S\$53 million for the financial year ended 31 March 2022 and 2023 respectively representing 85% and 81% of the group net assets for the year ended 31 March 2022 and 2023 respectively. Profit for the year ended 31 March 2022 was S\$0.8 million. Notwithstanding the loss for the year ended 31 March 2023 of S\$2.3 million mainly due to the slower than expected opening up of China due to their Covid lockdown policy, the Company is confident to leverage its strong market presence augmented by its strong asset and financial position in the forward period for sustainable future growth and stay viable in the Remaining Businesses. Based on the above assessment, the Board is of the view that the Remaining Businesses is a viable business.

### **6. RATIONALE OF THE PROPOSED DISPOSAL**

- 6.1 The Board considers that the Proposed CZ Group Disposal is in the best interest of the Company and its Shareholders to unlock shareholders' value. It is also in line with the Company's strategic plan to rationalize its investments in the following long term strategic value proposition as set out in Section 7 (Use of Proceeds) below.
  - 6.1.1 Deploying a significant percentage of the proceeds to seeking new opportunities in high growth industries and markets that will advance the Group to the next level of value-added business activities for a sustainable growth trajectory.
  - 6.1.2 Collaborating with key Government agencies, to judiciously deploy the proceeds to stay relevant (& committed) to Singapore's robust economy as well as ride Singapore's transformation map for sustainable growth in key industries e.g. semiconductor (AI, IoT, R&D, Advance Manufacturing), Solar/PV transition, etc.
  - 6.1.3 Seeking out regional opportunities & "New Economy" logistics/specialist/engineering services to capture growth driven by favorable trade agreements within ASEAN/North Asia, customers' supply chain decentralization and country-specific growth sectors including M & A activities while diversifying industry and country risks.
  - 6.1.4 Strengthening balance sheet (reduce debt gearing) and corporate infrastructural needs such as digitalization, accelerate de-carbonization and electrification adoption in business operations and Human Resource training and development.

7.1 The Company expects to receive net proceeds of approximately S\$57.2 million (after deducting estimated expenses of approximately S\$0.5 million) from the Proposed CZ Group Disposal. The Company intends to utilise the net proceeds towards: -

7.1.2 20% one-off special dividends;

7.1.3 20% repayment of bank borrowings;

7.1.4 10% investment in the development of the new warehouse Chasen Logistics Services Ltd Proposed Leases and Development Plan as defined in the Circular dated 13 June 2023; and

7.1.5 10% balance figure for the general working capital requirements of the Group.

The Company will comply with the Listing Rules with regard to seeking shareholders' approval for investment in new opportunities to be identified. For example, (a) if the new business is a diversification from the principal activities, (b) if there is a change in risk profile if the new business is in the ordinary course of business under the criteria set out in the Listing Rules. Pending the identification of the new opportunities, the net proceeds will be put in interest bearing bank account. The Company has not identified any acquisition targets as at the date of this circular.

The Company will comply with the disclosure requirements under the Listing Rules with regard to the use of proceeds for working capital purposes. Where there is any material deviation from the stated use of proceeds, the Company must also announce the reasons for such deviation.

### 8. **INDEPENDENT VALUATION**

#### 8.1 **Independent Valuer**

8.1.1 Pursuant to Rule 1014(5) of the Listing Rules, as the relative figures computed under Rule 1006(c) exceeds 75%, the Company has appointed Chay Corporate Advisory Pte Ltd ("**Independent Valuer**") as the competent and independent valuer of the indicative valuation of 100% of CZ Group which is the third party logistics segment of the Company, comprising CZ Singapore, CZ Malaysia, CZ Warehouse Malaysia, CZ PRC, CZ Thailand, CZ Express Thailand and CZ Vietnam ("**Business**") as at 30 September 2023 in accordance with the International Valuation Standards as prescribed by the International Valuation Standards Council ("**Valuation Date**"). A copy of the Summary Valuation Letter dated 26 December 2023 is attached as **Appendix B** to the Circular and the Valuation Report dated 26 December 2023 is available as a document for inspection. For avoidance of doubt, the valuation of 100% of CZ Group includes the equity interest of the Group under the Proposed Disposal and all the minority interests.

### 5. Valuation methodology

The basis of the valuation will be made by reference to the fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Special purchasers may be willing to pay higher prices to gain control or obtain the capacity to reduce or eliminate competition, ensure a source of material supply or sales, achieve cost savings arising on business combinations following acquisition, or any other synergies which may be enjoyed by the purchaser. Our valuation will not be premised on the existence of a special purchase.

The indicative valuation of the Business has taken into consideration of the values implied by a combination of discounted cash flow (“DCF”) and comparable companies (“CC”) analysis.

The discounted cash flow analysis is premised on the principle that the value of a company, division, business, or collection of assets can be derived based on the present value of its projected free cash flow, while the CC analysis determines the value of a company’s business by referencing to available market information, such as trading multiples of comparable publicly listed companies.

In valuing the Business, we have adopted the DCF approach as the primary valuation methodology for the following reasons:

- i) The DCF approach reflects the future plans and growth of the Business. This approach is less influenced by volatile external factors because it is an inward-looking process which relies more heavily on the fundamental expectations of the business and explicit estimates of the value drivers;
- ii) The asset-based approach does not take into account of the future changes in sales or income; and
- iii) The scarcity of information available on precedent transactions performed in the recent past of firms with similar characteristics as the Business.

Under this approach and methodology, we have discounted the projected free cash flows of Business with discount rates having considered, amongst all relevant risk factors, such as business size, business environment, cost of debt, riskiness of cash flows. The free cash flow of the Business has been projected for the six months financial period from 1 October 2023 to 31 March 2024 and the three financial years (“FY”) from FY 2025 to FY 2027. We have considered the EV/EBITDA multiple of comparable companies

---

---

as a reference cross-check to ensure reasonableness of the derived valuation results from the DCF analysis.

Our valuation is based on various assumptions with respect to the Business, including their respective present and future financial conditions, business strategies and the environment in which they operate. These assumptions are based on the information that we have been provided and discussions with the Management reflecting current expectations on current and future events.

Among other assumptions that are stated in the Valuation Report, the key assumptions are as follows:

- i) The Business' forecast for the six months financial period from 1 October 2023 to 31 March 2024 and the three financial years from FY 2025 to FY 2027 as prepared by the Management and the trend of the industry as disclosed in the circular have been considered.
- ii) The Business will continue as a going concern without any changes in its Management subsequent to the Proposed Divestment;
- iii) The future operations of the Business will not be adversely affected by changes to its key personnel, management team, notwithstanding the new shareholding structure arising from the Proposed Divestment;
- iv) All contracts entered into by the Business will continue to be in effect for the foreseeable future;
- v) The information provided to us by the Management reflects the financial positions of the Business for the respective financial years/period;
- vi) The Business has the legal titles to all assets as mentioned in the financial information provided to us by the Management. All assets, which are physically in existence, are in good working condition.
- vii) There are no risks that any of these assets will be subject to compulsory acquisition by any third party or government body;
- viii) There will be no major changes in the corporate taxation basis or rates applicable to the Business;
- ix) Related party transactions, if any, are carried out on an arm's length basis and will continue to be so for the foreseeable future even if there are any changes in the shareholding structure;

---
