Board Statement

Sustainability is the crux of the success of any enterprise, especially enterprises with the conviction to achieve triple bottomline, namely 'People, Profit, Planet', for the benefits of both private enterprise and society.

At Chasen Holdings Limited ("Chasen" or "The Company"), we are committed to uphold the highest standards of Economic, Social and Governance (ESG) practices within our organisation. While we are taking our first steps in the sustainability journey, we have embraced our corporate social responsibility with conviction and enthusiasm.

We believe our sustainable growth and success is only possible with the sustainable development of the communities we operate in, be it social, business or national communities.

Driving long term sustainability is our vision. Centred on our key material issues, we have charted a four-pronged approach to our sustainable development roadmap. We will endeavour to set ourselves on the journey of achieving a good balance between commercial growth and ESG performance.

As a market leader in a niche logistics sector, we demonstrate our commitment through the adoption of responsible business practices. The Group is committed to complying with all applicable laws and regulations in all the markets we operate in. The Board expects all Group employees to be vigilant to maintain the corporate values and high quality of the Group's products and services.

We believe that long term investment in human capital and 'green' equipment is key to the long-term sustainable success of Chasen Group. Therefore, we continue to implement our staff training and development roadmap, as well as enhancing the environmental sustainability of our operations in a low carbon economy in the future.

ERIC J P NG
NON-EXECUTIVE CHAIRMAN

SCOPE OF REPORT

At Chasen Holdings Limited (“Chasen”), we recognise the importance of sustainability to our business. As we embark on our journey of sustainability reporting, the challenges and material issues that are important to our stakeholders, our strategy in managing these challenges and issues, and how we have performed in terms of our key performance indicators are highlighted in this report.

During the year, we adopted a more formalised reporting approach by applying the international reporting framework, Global Reporting Initiative (“GRI”) Standards, in preparing our first sustainability report.

For reference to the GRI Content Index, please refer to Page 21-24.

Our Strategic Approach to Sustainability

With our vision and corporate values in mind, we aim to integrate sustainability into the businesses of Chasen so that it is systematic and seamless. Where possible, we incorporate sustainability considerations in our decision-making processes.

Our sustainability efforts are led by our senior management who ensures that the Company's business objectives are in line with our commitments to sustainable development. Senior management is responsible for on-going communication to the Board of Directors.

Chasen's senior management has determined focus areas where Chasen can have the greatest economic, environmental and social impact, as well as the areas that are most important to our stakeholders.

Chasen has taken efforts to seek the views of internal and external stakeholders either formally or informally to understand the needs and expectations of our key stakeholders so as to build mutually beneficial relationships.

Governance Structure

Reporting Boundaries and Standards

The report is also prepared in accordance with GRI Principles for defining report content, including:

- **Materiality:**

focusing on issues that impact business growth and are of utmost importance to stakeholders;

- **Stakeholder Inclusiveness:**

responding to stakeholder expectations and interests;

- **Sustainability Context:**

presenting performance in the wider context of sustainability; and

- **Completeness:**

including all information that is of significant economic, environmental and social impact to enable stakeholders to assess the Company's performance.

We use a consolidated operating approach to determine organisational boundaries. Our data is an aggregation of our operations in Singapore for this, our first report. Our base year is fiscal year FY2018 (ending 31 March 2018).

Report Period and Scope

This report covers data and information from 1 April 2017 to 31 March 2018 and discusses Chasen's achievements and performance towards Environmental, Social and Governance ("ESG") issues. This report has been prepared in accordance to the GRI Standards: Core Option.

As part of our environmental conservation efforts, current electronic edition of the report is available at:

www.chasen.com.sg

Accountability to Stakeholders

We strive to be a corporate responsible citizen by working closely with our stakeholders to understand their concerns and feedback. The stakeholder engagement provides valuable information for our sustainability reporting, particularly in determining the material environmental

and social issues. We will continue to engage our external stakeholders more extensively to identify areas that are material, sustainable and necessary for future development.

ECONOMIC

Corporate Profile

Chasen Holdings Limited (“Chasen”) is an investment holding company whose group businesses in specialist relocation, third party logistics and technical & engineering services support the supply chain in the establishment of manufacturing and service operation facilities in Singapore, Malaysia, the People’s Republic of China, Vietnam, Timor-Leste, Thailand, and USA.

Incorporated on 2 November 1999, it was first listed on SESDAQ on 8 August 2000 and was transferred from the SGX Catalist to Mainboard on 26 February 2013. The Company changed its name from China Entertainment Sports Ltd to Chasen Holdings Limited (“Chasen”) on 17 May 2007 following the completion of the reverse takeover exercise in February 2007 whereby the Company acquired

the entire issued and paid up capital of Chasen Logistics Services Limited. As a result of the reverse takeover, the Company acquired a new core business in specialist relocation solutions for the manufacturing industries that utilize sophisticated machineries and equipment.

Presently, the Group has established diversified revenue sources in three core business segments, serving industries such as wafer fabrication, TFT display panel production, semi-conductor, chip testing and assembly, solar panel assembly, consumer electronics, telecommunications, marine, ordnance and construction sectors.

Several of our subsidiaries are members of the Singapore Logistics Association.

The three core business segments are as follows:

SPECIALIST RELOCATION SOLUTIONS

Serves as the strategic partners to our customers in the management of their global relocation needs through projects or maintenance projects.

We provide specialist manpower equipped with specialized material handling tools, equipment and vehicles to relocate our customers’ machinery and equipment, either within their premises or from one location to another location.

THIRD-PARTY LOGISTICS

Provides packing, packaging, trucking, distribution, freight-forwarding, warehousing and related services.

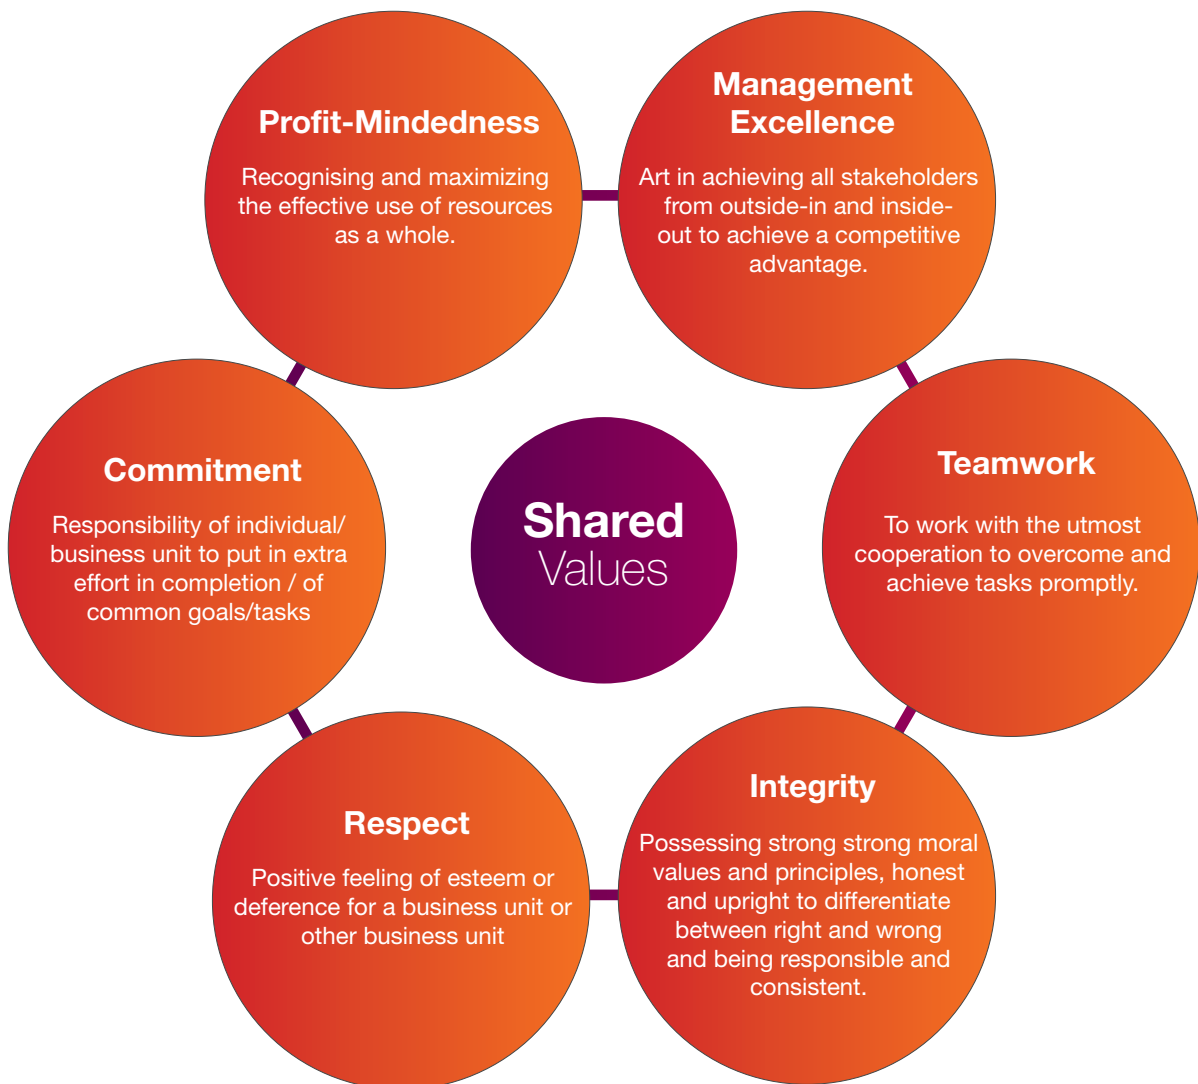

We pack machinery and equipment to the Original Equipment Manufacturers’ (OEM) specifications utilising specialized packaging materials before they are relocated to new destination.

TECHNICAL & ENGINEERING

Provides design, fabrication, and installation of steel structures, as well as mechanical and electrical installation including hook-up for production facilities, parts refurbishment, engineering and spares support, facilities management, scaffolding equipment and services, contract manufacturing, and water treatment and process engineering services.

ECONOMIC

ECONOMIC

Economic Contribution to Society

At present, we are headquartered in Singapore, with operations extending to Asia and the United States of America. We manage our operations in accordance to our sustainability principles. We work closely with our operation staff to identify and consider any sustainability opportunities and risks that may arise.

Sustainability trends such as climate change, resource scarcity and demographic changes shape the competitive environment in which companies like Chasen operate by introducing long term sustainability opportunities and recognising risks. We therefore view our business performance beyond short term gains and financial bottomline. Our conviction is to achieve a balanced triple bottomline, i.e. People, Profit, Planet for sustained growth for the organisation and the community it operates in.

The success of our business is highly dependent on the commitment of our management and staff. Their knowledge, professional expertise and their job satisfaction are key to our economic sustainability.

More importantly, we strive to contribute positively to society through our economic presence by serving as Singapore's leading specialist relocation company in South East Asia, China and the United States of America, while maintaining good stewardship of the resources we manage and generating good shareholders' value.

Our business model focuses on cost leadership without compromising our service level and highest priority on customer's interest. We seek organic growth from the existing business units as well as through the acquisition of new businesses that reap good returns.

We strive to maintain our market position by ensuring we gain the trust of our customers and their families, and continually build our reputation and brand name in specialist relocation, third party logistics and technical & engineering services industry in Asia Pacific.

The Group's vision is to offer integrated services combining technical and engineering capabilities to complement logistics services. As the vision is being realised the Group would enhance its competitiveness beyond pricing.

As a whole, Chasen continues to make good progress and the current financial year is expected to be another watershed as each subsidiary successfully implement their strategic business plans approved by the Board. As book orders continue to build up and projects executed across our business segments and geographic regions, we hope to exceed previous achievements in annual revenue and bottomline in tune with global economic growth opportunities.

If the revenue targets for this financial year are achieved, and barring unforeseen circumstances, the Group would be expected to be well on its way to achieve its target of \$200 million in revenue by 2020 through the following strategies:

- I. Scaling up relocation business in China, Malaysia, Vietnam and the US;
- II. Growing the 3PL cross-border land freight business; and
- III. Streamlining Singapore operations, particularly the Technical & Engineering operations, to improve internal cost efficiencies.

In today's highly volatile business environment, Chasen has, beyond sustained earnings, diligently embraced prudent financial management, capitalised on our assets and investments, and remained focused on growth strategies, to enhance shareholders' value.

For more information on Chasen's financial and business performance, please refer to financial highlights in page 8-9 and the annual report FY 2018.

GOVERNANCE

Legal Compliance and Corporate Governance

Corporate governance and compliance have always been one of the top priorities for the Company. The decision-making process in the Company is strictly in line with legal and regulatory requirements and in compliance with the Code of Corporate Governance issued by Monetary Authority of Singapore and the Company Act of Singapore.

The Company has not received any correspondences or notifications in relation to any non-compliance of legal and regulatory requirements or the Code of Corporate Governance from any government and regulatory agencies in FY2018. The Audit Committee received no whistle-blowing letters during the year.

Ethics & Integrity

We promote 'an ethical and act with integrity' culture throughout the Company. We seek to conduct our business in an ethical manner and in compliance with the best practices in the different industries we operate in. All Directors, operations and management staff are required to fully comply with our principles set in our Employee Handbook and employment contract.

The Employee Handbook details our expected standards

of employee's professional behaviour towards our business partners whom we have business dealings with, to the community whom we serve and towards each other as employees of the Company. Above all, we are inculcated with strong corporate values to act with integrity.

Anti-Corruption and Anti-Fraud

With zero-tolerance policy to bribery and corruption, we have put in place effective monitoring and management control systems to detect bribery, fraud or other malpractice activities directly at the source. We have established a whistle-blowing mechanism for employees and any other concerned stakeholders such as customers and their families, suppliers, competitors and contractors.

Serious concerns relating to financial reports, unethical or illegal conduct can be reported in writing and despatch via fax, electronic mail or snail-mail to the Company Secretary. The matter will be brought to the attention of the Chairman of the Audit Committee. Our stakeholders can be assured that all reports or suspicions of potential breaches of our Employee guidelines are taken seriously by the Group.

Compliance with Laws and Regulations

The Group is proactive in ensuring its compliance with all relevant laws and regulations. Our management team is responsible to review and monitor the Group's policies and practices in respect to legal and regulatory requirements across all operations. Any non-compliance of the relevant laws and regulations and the proposed resolutions will be reported to the Board of Directors on a quarterly basis.

The Group has put in place policies and procedures to ensure compliance with the relevant laws and regulations to all the national jurisdictions we operate in. At corporate level, we also ensure that we are in compliance, both in substance and in spirit, with the Listing rules of SGX Securities Trading (SGX-ST), Securities and Futures Act and Singapore Companies Act.

GOVERNANCE

Any new enactment of or changes to the relevant laws and regulations will be communicated to all operations and management staff via emails and small group meetings. Such communication is necessary to ensure that all staff are aware of the changes and can carry out the necessary steps and actions to ensure compliance.

While we seek to leverage our data to serve our customers

responsibly, we adhere and uphold the Personal Data Protection Act (“PDPA”). We have put in place policies to ensure we are in compliance with PDPA and we respect our customers’ choices in respect of their personal data and the protection of our customers’ privacy.

There is no incidence of product and service misinformation and labelling or marketing communications.

Risk Management

The Group recognises the importance of risk management and how business risks may adversely affect Chasen’s business performance.

While it is the responsibility of the Audit Committee, as delegated by the Board of Directors, to oversee the effectiveness of our risk management and internal controls. The core function of internal audit is the responsibility of

the Board. For the financial year ended 31 March 2018, the Board has received assurance from the Managing Director and CEO as well as the Chief Financial Officer that the financial records have been properly maintained and the financial statements give a true and fair view of the Group’s operations and finances; and the Group’s risk management and internal control systems are sufficiently effective.

Supply Chain & Procurement Practices

We have maintained a strong partnership with the local and regional suppliers for our specialist relocation, third party logistics and technical & engineering services.

We believe in transparency in our supply chain and our approach is to positively engage with suppliers if we identify

any issues. Any non-compliance with the guidelines of local and international regulatory bodies will result in us not embarking on or discontinuing the procurement and business relationship with them.

Service Quality and Responsibility

For an integrated logistics services provider like Chasen, our service quality and responsibility to our customers ranks high for the sustainable success of the Company. We are committed to providing reliable and high quality logistics

solutions to our customers. We emphasise on service excellence to every customer.

Our operations and professional staff serve our customers professionally and ethically.

Target:

We plan to introduce customer satisfaction survey to measure and monitor the customer satisfaction among our clients.

ENVIRONMENT

We strive to embrace environmental sustainability by managing environmental conservation through adopting 'Reduce', 'Re-use', 'Recycle' and energy efficient practices.

As part of our initial efforts, we will align our environmental performance in our Singapore operations to key evaluation

criterion for water consumption and energy conservation for the both electricity and diesel consumption.

There has been no incident of non-compliance with environmental laws and regulations reported.

Water and Energy Conservation

We tap on the water supply provided by Public Utilities Board and disposed used water into the public sewage system.

For FY2018, our water consumption and expenditure increased by 8.12% and 47.89% respectively. In terms of electricity, our consumption and expenditure increased

by 53.5% and 60.59% respectively. For diesel, our consumption and expenditure increased by 13.88% and 5.59% respectively.

While we take conscientious efforts to conserve water and electricity, we are currently reviewing our utilisation rates and will implement measures to reduce the utilisation rates.

Waste Management

The Group also takes a concerted approach to ensure we adopt a responsible waste management process within our business operations. In FY 2018 alone, we have recycled 421,613.56 metric tons of steel.

We will be reviewing and fine tuning our waste management system to ensure optimal recycling for the all the raw materials, mainly wood and steel, are properly disposed and recycled.

Paper Usage

We have launched our Go-Green initiatives across all our operations and Corporate Office. The implemented initiatives aim to encourage the 'Re-use', 'Recycle' and 'Reduce' of papers through the following ways:

- 'Reduce' the use of papers through double-sided printing and print only when necessary.

- 'Re-use' the blank side of printed papers for non-confidential and draft documents. We plan to roll out the daily operations reports to be electronic and paperless form, going forward.

We have successfully recycled 65kg of paper in FY2018, an increase of 41.30% from the past year.

Target:

We have plans to measure the carbon footprint and the Greenhouse Gases Emission of our business operations progressively over the next three years.

SOCIAL

People

Pivotal to our success is our people performing at their best. We value the vital contributions by all employees towards sustaining Chasen's long term success. To underscore our care and commitment towards our employees, Chasen drives a holistic human resource ("HR") strategy focused on fair remuneration and equal opportunities, training

and development, employee wellness and engagement, and work-life harmony. We are taking progressive steps to go beyond compliance with labour laws in Singapore to develop and implement policies and staff engagement programmes that aim to help employees build long-term, fulfilling careers with Chasen.

Diversity & Equal Opportunity

Identifying, recognising and rewarding quality employees is essential in our hiring and retention strategy. We advocate fair employment practices by ensuring equal opportunities for recruitment, fair compensation, career progression and training opportunities. We provide fair employment opportunities to all, regardless of age, gender, race, or nationality. Chasen advocates a policy of harnessing diversity in human resource as evidenced by a fair distribution of employees from different nationalities and age groups to support our key markets in Singapore.

The Group has a stable labour force of 1425 with continued expansion in all four major regions, with the latest expansion move to the USA in 2015. In FY2018, the local hiring of Chasen's employees are mainly Singaporeans comprising 40.71%. Overall, there is a well-balanced diversity of 10 nationalities within Chasen's workforce.

There is a male dominance in the staff strength largely due to the nature of logistics and engineering industries. We ensure that fair work practices and remuneration are ascertained based on individual work performance and not on any gender consideration. No form of discrimination is tolerated within our organisation. There has been no incident of gender discrimination.

Fair & Open Employment Policy

Chasen maintains a policy of fair and open employment policy through providing fair employment opportunities to both young and older workers above aged 65 years old. Its workforce has a good balance of age distribution, with 23.5% under the 30-year old group and 2.36% above the 65 years old age group. As at 31 March 2018, the youngest staff is 22 years old while the oldest employee is 72 years old.

SOCIAL

Our strategy for recruitment and retention of talents include cooperation with professional institutions, talent pool development and retention, and staff grievance mechanism.

In terms of employee skills profile, we have maintained a fair proportion of professional and management team to lead and drive the business growth in our three business segments.

Our business is highly dependent on senior experienced staff with over 10-20 years of experience between them. Through the organic growth of complementary businesses over the years, we have also strengthened the retention of our pool of senior staff whose professional expertise and strong customer relationship have been critical in the sustainable success in the three business segments.

We are continuously recruiting talents, particularly younger talents and grooming them through mentorship and on-the-job training programme.

Our recruitment policy is based on meritocracy and the pre-requisite skills and academic qualifications required to perform the required job scope. During recruitment, we have implemented stringent shortlisting process to ensure we recruit people with the same values as we do.

We focus on retention of talents by providing fair and sustainable financial and non-financial incentives, and learning and development opportunities. Our compensation and benefits policies are determined by guidelines proposed

Employee Wellness & Benefits

The Company also contributes to the Central Provident Fund and provides medical benefits such as Personal Accident and Hospitalisation & Surgical Plan for all our staff. We provide maternity as well as paternity leave in accordance to the recommendations of the Ministry of Manpower of Singapore.

In FY2018, the overall turnover rate of 10.05%. We have no temporary or part-time employees.

Target:

We plan to increase our commitment to staff training and development by up to 30% progressively over the next three years.

SOCIAL

Health and Safety

The Chasen Group is committed to embracing the highest standards of workplace safety and health (“WSH”) and environmental practices inculcating the best practices in the Chasen Group. We are guided by the steadfast commitment to our employees for a safe working environment in which one can work and excel with full confidence.

The management team sets a strong foundation by providing clear direction within the organisation of the value of an effective occupational health and safety management approach to foster risk-free and environmentally-friendly premises. We are building the environmental awareness and green practices to lead the group in adhering to all

WSH regulations as stipulated by the Ministry of Manpower (“MOM”) and all the relevant authorities of the national jurisdictions we operate in.

Our operations are closely monitored and reviewed by our appointed safety officers, who ensure all employees comply to the codes of practice and safety procedures they have set out. Our emphasis on promoting workers’ health and improving occupational safety has resulted in low numbers of accidents in our workplace and we will continue to uphold our mandate to target zero injuries and fatalities amongst our workforce.

Two of our business units have been bizSAFE STAR certified since 2012.

Labour-Management Relations

It is important to have effective communication between management and employees, so that employees are more engaged with the organisation, and have a more positive attitude towards their work and loyalty to the CHASEN Group. They are provided with frequent management updates and adequate notice period regarding operational changes.

We often engage our employees in the following ways:

- **Weekly Meetings**

Team managers have weekly meetings with the management team to review the operations.

- **Monthly Meetings**

The Audit Committee meets the business units’ accountants to review the monthly financials and listen to their work-related concerns.

- **Quarterly Meetings**

The Board of Directors meets to discuss on business development and finance and reviews the Group’s quarterly performance.

- **Informal Small Group Meetings**

Meetings are often held by management to listen and understand our employees’ concerns and grievances.

Business Partner & Stakeholder Engagement

We actively engage our business partners and stakeholders regularly to keep them abreast of the developments of our businesses.

Please see the section on Accountability to Stakeholders on page 4 for more information.

Customer Privacy & Data Protection

The nature of our business warrants high level of security and confidentiality of our clients’ personal data as well as the business transactions they have undertaken.

We adhere strictly to the guidelines set by the Personal Data Protection Act (PDPA). We have invested to ensure

our proprietary IT system meets the highest standards for IT security.

There is no incident of non-compliance with laws and regulations in the social and economic area reported.

Corporate Social Responsibility

Being a corporate responsible citizen, we believe in giving back to the society. While we strive to achieve our business goals, we also believe in playing our part in serving our local community. We have contributed to the Lions Club in their social outreach programme in the past.

TARGETS:

We plan to support more charitable organisations in the next 1-3 years.
